Department:	Management	Length of contract:	3 years
Role type:	National	Grade:	9
Travel involved:	In-country travel	Child safeguarding level:	TBC
Reporting to:	Line manager: Senior Project Manager	Direct reports:	M&E, STO/SDO, Admin Officer , Accounts Officer
Dotted line manager:		Indirect reports:	N/a

Organisational background

Established in 2003, Malaria Consortium is one of the world’s leading non-profit organisations specialising in the comprehensive prevention, control and treatment of malaria and other communicable diseases among vulnerable and under privileged populations. We increasingly find our work on malaria can be effectively integrated with other similar public health interventions for greater impact and therefore expanded our remit to include child health and neglected tropical disease interventions.

We work in Africa and Asia with communities, governments, academic institutions, and local and international organisations, to ensure effective delivery of services, which are supported by strong evidence.

Our areas of expertise include:

- disease prevention, diagnosis and treatment
- disease control and elimination
- systems strengthening
- research, monitoring and evaluation leading to best practice
- behaviour change communication
- national and international advocacy and policy development

Country and project background

The Nigeria Country Office in Abuja, started operations in 2008, through the DFID/UKaid funded support to National Malaria Programme, SuNMaP (2008 – 2016). The office had presence in 23 states of the country and has managed at various times, about 15 projects. It follows the mandate of the parent organization in Nigeria and has been working specifically in the following areas:

- Malaria control/elimination

- Integrated community case management (iCCM) for malaria, pneumonia and diarrhoea
- Nutrition
- Neglected tropical diseases (NTDs)

Malaria Consortium has recently become a sub-recipient for the new grant of the Global Fund to Fight AIDS, Tuberculosis and Malaria (GF) under the National Malaria Elimination Programme (NMEP) and Catholic Relief Services as the principal recipients.

The goal of the grant is to contribute towards reducing the malaria burden to pre-elimination levels and bringing malaria-related mortality to zero by 2020 in Nigeria.

This project aims to achieve seven objectives while delivering high quality malaria services in 14 states (MC implementing in 7 of the states – Kano, Kaduna, Jigawa, Niger, Yobe, Gombe and iCCM only in Kebbi and Niger) through improved service delivery mechanisms, demand creation and health system strengthening strategies.

- To ensure at least 80% of targeted population utilizes appropriate preventive measures by 2020
- To test all care-seeking persons with suspected malaria using RDT or microscopy by 2020
- To treat all individuals with confirmed malaria seen in private or public facilities with effective anti-malarial drug by 2020
- To provide adequate information to all Nigerians such that at least 80% of the populace habitually takes appropriate malaria preventive and treatment measures as necessary by 2020
- To ensure the timely availability of appropriate antimalarial medicines and commodities required for prevention and treatment of malaria in Nigeria wherever they are needed by 2018
- At least 80% of health facilities in all LGAs report routinely on malaria by 2020
- To strengthen governance and coordination of all stakeholders for effective program implementation towards an “A” rating by 2018 on a standardized scorecard

Job purpose

To work with the country office team and GF Senior Project Manager to effectively manage project activities and resources, provide leadership and stewardship to the project team and maintain collaborative links with the project’s key stakeholders at national and sub-national level.

Key working relationships

The Zonal Project manager would be working with the state team and stakeholders in their zones, especially the State Ministries of Health and LGA Departments of Health/PHC, manage the rollout and implementation of the malaria and iCCM activities in seven project states. S/he would report to the Senior Project Manager.

Scope of work

The Zonal Project Manager (ZPM) would support the programme activities at zonal and state levels, being in charge of a cluster of states to ensure timely project delivery of the programme to achieve given targets and objectives.

Key accountabilities

1. Project management (60%)

- Work with the programme team and other relevant personnel in the country office to lead activities for smooth project start up and planning in line with the GF Malaria Project Implementation Plan
- Work with the relevant personnel to prepare all necessary project start up and planning tools on time
- To build and performance manage an effective and technically unsurpassed GF project team in the states with their zone
- Work directly with the SPM and be responsible for coordinating overall project implementation in the states within the zone and see that activities are carried out on time and within budget
- Liaise regularly with the SPM to provide timely and comprehensive updates and reports as required
- Liaise with other PRs, SRs and partners relevant for successful GF malaria implementation in the state
- Work with the project team to develop and implement annual work plans
- Work closely with the SPM to prepare the programme monitoring and evaluation plan in conjunction with the Project M&E Manager. Work with the project team to implement it
- Work with the country finance team and project finance associate to prepare and track progress of project and activity budgets
- Be responsible for zonal project budget management and reporting
- Be responsible for preparing project Progress Update and Disbursement Request (PUDR) which is submitted to the Principal Recipient (PR) quarterly, including narrative reports on a timely basis
- Work with the project Finance Associate and SPM to prepare quarterly financial reports
- Work with the relevant country personnel and the SPM to prepare an exit strategy and to implement it, to see to the smooth end of the programme
- Coordinate with other donors and implementers to ensure complementarity of implementation of the GF malaria project in project states by leveraging resources and harmonizing efforts where possible
- Work with the Country Communication Manager, the Country Technical Coordinator, SPM, programme PRs and SR for social mobilization to see that a programme communications strategy is developed and implemented
- Coordinate the documentation of GF supported activities in form of activity-specific reports and ensure proper archiving of such for easy access and reference

- Contribute to quarterly preparations for PR-SR coordination meetings in form of progress updates and power point presentations
- Be responsible for quarterly lessons identification and learning documentation and dissemination
- Be responsible for building functional partner relationships among the project's stakeholders
- Oversee project partners inputs and subcontractors' activities to deliver harmonized, aligned and effective outputs
- Manage risks to Malaria Consortium including financial, reputation and security in a challenging environment
- Work with the project M&E Officer and Country M&E Specialist to ensure that high quality project data is collected, analysed and disseminated to relevant stakeholders at all levels and reported to PI

2. Technical contributions (10%)

- Work with the project teams, SPM and the Country Technical Coordinator to determine technical support needs to implement the project effectively and with high quality. Liaise with the Country Technical Coordinator to obtain regional or global technical support
- Contribute to the development and production of dissemination documents to allow wider sharing of Malaria Consortium's experiences, lessons and successes

3. Technical performance management and quality assurance (20%)

- Take the lead in monitoring and evaluating project performance
- Keep abreast with evidence and best practices that are related to the project

4. Representation (10%)

- Work with the Country Director, Country Technical Coordinator and SPM to participate in national level meetings and workshops to represent Malaria Consortium at programmatic and coordination events
- Liaise regularly with CRS's focal persons on respective project activities and the GF PMU through the SPM keeping the relevant Country Team in loop of communication
- Work with the Country Director, Country Technical Coordinator and SPM to keep key national stakeholders abreast with the project
- To exert influence and to advocate for Malaria Consortium's key technical positions and promote best practice in malaria and iCCM interventions
